## TO WHOM IT MAY CONCERN

Dear Sirs,

We have had business relationship with VIC Worldwide services to test several coal samples coming from S. Africa, Colombia, Russia, Indonesia and to test DES / DAP products as well.

I am happy to recommend the services of VIC Worldwide and I would like to see them in the Scota List being a highly reliable inspections company to be incorporated at that inspection's section.

We hope our comments and observations will be of help to you and remain at your disposal for any further information you may require.
